

Update #6 – November 18 (2)

Dear Teachers,

Sorry for two in one day, but I hope to leave you alone for a few days!

1. The long-awaited **Video Contest** rules are attached! The videos that are submitted will be the feature of Friday night's activities, so please encourage your students to get involved! Each team will have the opportunity to vote on the videos shown, there will be prizes involved, and the top videos will be shown on Saturday at the competition.

Also, we want to receive the final video from a teacher, indicating that the teacher has seen the video and agrees that it is acceptable to be shown at a K-12 educational program.

2. If you know that your team has created a website that they want to be judged, please look at the attached Web Page Scoring file to make sure your team is listed. The teams listed in this file are the ones that included a webpage address on their Team Information form. If your team has a website that isn't listed, you still have time to send me the URL. Note that we will begin judging the Web pages the week following Thanksgiving break, so make sure the sites are active, complete and ready to go by Dec. 1.

Have a great week! Hope to not bug you for a while :)

Mary Lou
